## Meet the Team

Although you may not get the opportunity to speak with Laura, she is an integral part of your journey with Marine Travel. Laura is the Ticketing Department & has been for the past 7 years. What Laura doesn't know about Marine fares is really not worth knowing! She is our very own Marine Fare Guru. Currently she is also working on ways to make us even more efficient within the technology we use.

Away from Marine Travel, Laura enjoys travelling, keeping fit & working on the house she has recently bought with her partner.

## Sailors Society

Sailors Society has been our nominated charity since 2008 and during these 10 years we have taken part in over 14 charity events; including scaling mountains, abseiling down buildings, cycling and running. Raising over £17,000. We believe there work is so important especially in our niche fields. Find out more below and by clicking on their logos.

Sailors' Society has been bringing people together for 200 years, transforming the lives of seafarers and their families at home, in port and at sea through the delivery of chaplaincy, education and the relief of poverty and distress.

We all rely on seafarers.  
Seafarers rely on us.

Sailors' Society launched its first blend of BySea coffee in 2016. Every penny of profit from coffee sales helps to transform the lives of hundreds of thousands of people around the world. By switching your office coffee to BySea coffee - you will be helping to build homes and schools in poor communities and keep children in touch with parents working at sea.
