THE MANIFEST

Supplier of the month - The Lufthansa Group

Introducing - Austrian and Brussels Airlines

Austrian Airlines

Offering exceptional service with Austrian charm. With over 110 destinations worldwide with a focus on Central and Eastern Europe.

With only 25 minutes of connection time, Vienna Airport is growing and remains Europe's fastest transfer hub. This is made possible by the building's 3-level concept where passengers simply change levels, not terminals.

With myAustrian FlyNet®, clients can always be online - even above the clouds. Passengers connect to the wireless network directly after boarding and, once cruising altitude is reached, choose from three different service packages. Available on selected aircraft from our shorthaul and medium-haul Airbus family.

Brussels Airlines

Offering flights from the UK to their Hub in Brussels and connecting to North America, Europe and Africa. 250 daily flights to over 120 destinations. Brussels Airlines is the specialist airline to Africa flying to over 18 Sub-Saharan destinations.

All-Airbus fleet of 52 aircraft, including ten newly retrofitted long-haul aircraft operating to more than 100 destinations worldwide, with convenient hubs in Zurich and Geneva.

Airline Updates

- The first ever direct scheduled service will commence this June from Dublin to Cairo operated by Egyptair. This service will operate four times weekly.

UK Passport Holders

If the UK leaves the EU without a deal the rules for how much time you'll need on your passport to travel to Europe will change. Check your passport now to ensure that you will still be able to travel - <https://www.gov.uk/check-a-passport-for-travel-to-europe>
