## The Manifest - November 2021

---

Join us at the Cruise Ship Interior Expo, Europe's only event created exclusively for the marine and interiors community.

The Marine Travel team can be found at stand 310 on the 1st and 2nd December at London Excel, along with our airline partner Emirates.

---

### Heathrow Airport drop off charge

Heathrow Airport has introduced new drop-off charges in line with most other London airports (excluding London City). The Heathrow Terminal Drop-Off Charge is only payable online, via an automated telephone service or via autopay. It cannot be dealt with at an airport ticket machine or in the terminal drop-off zones. The fee is applied via Automatic Number Plate Recognition (ANPR) – there are no barriers, and all the terminals will be covered by the scheme.

You cannot pick up passengers in the drop-off zones and instead, must use the short-term parking close by where charges apply. For more information, [click here](#).

---

### All countries to be removed from UK's travel red list

The remaining seven countries on the UK government's Covid travel red list have now been removed. Fully-vaccinated arrivals from Ecuador, the Dominican Republic, Colombia, Peru, Panama, Haiti and Venezuela will no longer have to quarantine in a hotel. But the red list system will be kept in place and a country could be added back on it if cases rise there.

The changes announced by the Department for Transport will apply to passengers arriving in all four nations of the UK. [Click here](#) for more information.

---

## EU Digital Certificate available for EU travellers entering England

EU citizens and residents can use the EU Digital Covid Certificate to provide proof of a COVID-19 test before travel to England.

[Click here](#) for more information.

## Booster jabs added to NHS COVID pass for international travel

From 19th Nov travellers will be able to show proof of a booster vaccination within the NHS COVID Pass for international travel.

Booster vaccination and third doses will automatically appear in the pass for people in England within five days of receiving the jab. For more information, [click here](#).
